

## ***A Notice Regarding Covid-19 Vaccination***

- The new Covid-19 vaccination is encouraged for preventing the spread of the virus and reducing the severity of symptoms if infected. (The vaccine is free of charge, and administered twice with an interval.)
- Persons aged 65 and over are currently receiving vaccinations in Tottori Prefecture. For those under 65, paperwork will be sent from your municipality around August. Be sure to keep these papers.
- When you receive the paperwork, make arrangements with your employer to take time off work to receive the inoculations.
- Vaccination is by appointment only. Appointments can be made online.
- Go to the designated place at the time of your appointment, and bring your paperwork and ID (health insurance card, residence card, etc.).
- Ask your local municipal office if you have any questions about the vaccine. Contact us at TPIEF if you would like any further support as a foreign national.
